

## Expressions of interest

When you apply for an intake year, the School will contact you via email prior to the start of the offer process to confirm that you are still interested in a place and invite you to attend a Principal's tour.

- The offer process for Years 3 and 4 commences 18 months prior to enrolment
- The offer process for Year 7 commences 3 years prior to enrolment

## Offers

When a position is available in the required year group, priority is based on the application date and immediate family connections to the School.

## Confirmation of a place

A non-refundable, non-transferrable enrolment fee is payable on acceptance of an offer and confirms a student's place at the School for the year offered.

## Transition year

The year prior to enrolment provides many opportunities for boys and families to engage in life at Christ Church. From activity days, Orientation Days and events, every event and function is designed to deepen your connection with the School and its community.

## Waitlist

When an application is received and the year group has already been filled, the applicant will be placed on a waitlist and families will be contacted when a position becomes available.
