<b>Fishing Tour 2017</b> <b>Lacepede Islands</b> Mr Hodnett	<p>Applications are now open for the 2017 Fishing Tour. Next July we will cruise north of Broome on 'Reel Teaser', a customised long-range 65ft fishing charter. The fishing, which coincides with the annual Broome Billfish Classic tournament, will involve switch baiting for sailfish and small black marlin, trolling for Spanish mackerel and tuna, popper casting and jigging for giant trevallies and queenfish, and of course bottom fishing for reef species. If you are interested in world class fishing in a pristine environment with your mates then check out the CCGS World notices section or go to the CCGS website and look at the News Page for more details. Alternatively, you can collect a form from Mr Hodnett in person. There is significant interest in this tour so it will be first in best dressed with priority given to boys currently in Years 10 and 11.</p>					
<b>Year 10 Humanities</b> Mr Goh	<p>Year 10 students who have History, Geography or Commerce during <b>PERIOD 3 or 5 on THURSDAY</b> are to go directly to the Open Area of the ICT Centre for your lesson.</p>

<b>Math problem to solve</b> Mr Hodsdon	1. Mr Hodsdon and his two brothers each need a pair a shoes resoled and a key cut. There are two assistants at the shop, both whom work at the same speed. It takes 15 minutes to resole a shoe and five minutes to cut a key. How quickly can they finish? Answer on Friday 2. Mr Hodsdon wins a raffle and he will divide the winnings between his family of 4 daughters, three sons and his wife. He gives each daughter three times as much as his sons and each son twice as much as his wife. If he has won exactly \$7936, how much would his wife get? Answer on Friday
<b>Missing</b> Ms Zuchner-Mogall	A set of 5 small screw drivers and the x-box controller have been taken from a drawer in T106. Please put items back so rightful owner can use them to finish his sculpture. Thank you.
