I.

There may be a "Me" in team;
But that no one needs to know.
As long as you help each other out,
You'll be surprised at how far you go.

II.

If we all help each other,
As justice may not be speedy;
There's always light at the tunnel's end.
And with justice - no one will be needy.

III.

Justice formed the world today,
Formed great people with great insight.
Justice stops crimes, bullies, hurting innocent souls;

To be fair.
