Creator Kids Holiday Workshop

Give your kids the wonderful opportunity to explore, wonder and create while preparing themselves for an exciting future! We integrate STEM subjects throughout our two day holiday workshop to set your kids up to maximise their success in the future. Our highly qualified teacher will lead the students through a wonderful path of self discovery and help them develop high level strategies to succeed in the future.

Your kids will:

- Discover and explore their passions.
- Identify “their world” problems.
- Create solutions.
- Understand commitment.
- Build products.
- Demonstrate goal setting.
- Embrace design and digital technology.
- Incorporate coding and robotics.
- Create strategies for resilience.
- Develop an understanding of basic marketing and book keeping.
- Gain experience in presenting their learning to an audience.

Morning tea and afternoon tea will be provided in a “nut free” environment. Please have children bring along lunch and water in labelled containers - refrigeration will be provided.

Year 4 to 7 children are invited to attend this two-day workshop:

- St Thomas Primary School Maker Space, 8 Warden Street, Claremont.
- 8:30am – 4:00pm Tuesday 26th and Wednesday 27th September 2017
- \$176 / child
- Parents please attend from 3:00pm – 4:00pm on the Wednesday to see the wonderful presentations of learning from the kids and the “Creators Cup” award winner.
