THE ARTIST AND PSAS WOULD LIKE TO INVITE YOU TO THE OPENING OF STRUCTURAL DEPENDENCY ON FRIDAY THE 23 NOVEMBER AT 6.30PM
PSAS | 22 PAKENHAM | FREMANTLE
RSVP ESSENTIAL

Investigating positive and negative space in the built environment, Thorley is inspired by contemporary architecture and focuses on elements concerned with the study of light interacting with reflective surfaces.

*Structural Dependency* suggests movement, or rather the desire for movement. Thorley constructs objects that encourage a state of flux. Suggesting subtle tensions between the interplay of the object, the viewer and the space, the artist invites the audience to participate in this subtle and poetic dance.

STRUCTURAL DEPENDENCY PERFORMANCE SEASON
CHOREOGRAPHY BY BROOKE LEEDER | 6–9 DEC
