

Christ Church Grammar School

PERTH, WESTERN AUSTRALIA

4 December 2018

MEDIA STATEMENT: Christ Church gets approval for joint Aquatic Precinct

Christ Church Grammar School and Methodist Ladies' College will soon commence work on a joint Aquatic Precinct.

The new 40 x 25 metre heated pool, to be situated on MLC's campus and near the existing Christ Church pool, will provide both schools with an Olympic water polo court or two 20 x 25 metre water polo courts.

"Once completed, we will have a precinct that is among the best of its kind across independent schools in Australia," says Christ Church Grammar School Principal, Alan Jones.

"With a shortage of water polo facilities in Perth, this will enable our boys to train and play home PSA fixtures in the new pool."

"Both Christ Church and MLC are excited by the opportunities this development presents for all of our students and the wider community."

Work on the development will begin in mid-December with completion marked for early 2020. Both schools will contribute in equal measure to fund the development.
