

EXTEND UPDATE

What's been happening?

Dear families and members of the Christ Church community

Throughout this term our little Extend friends have been engaged in a Cultural Awareness project entitled "Celebrating our Cultural Background." We have learnt about China, England, Argentina, India, Iran and South Africa. Each week as we explore a new country, we have learnt key phrases in their national language such as hello, goodbye, please and thank you as well as engaging in a range of culturally specific art and craft, dance and sporting activities.

On **Thursday 20 June** we will be holding our Open Afternoon from 4.00pm to 5.45pm for our Extend families and prospective families. Please come in and view the wonderful work our boys have been involved in over these past two months. During our open afternoon our lovely Extend boys will showcase what they have learnt. Everyone is welcome to attend and participate in three rotational activities.

As a reminder our after school care service is located off Queenslea Drive in front of the Senior/Preparatory School car park. To the left of our service is our old Pre-Primary rooms and playground, and to the right of us is the oval and new Pre-Primary building. We are located in the end building in the old Special Education room in between the two buildings. Look out for our Extend banner out the front of our room.

Eating Chinese San Choy Bow

Argentina Tango

We hope to see you all at our Open Afternoon.

Kind regards

Katherine and Keri
