

# CANBERRA EXPERIENCE

Christ Church  
Grammar School  
PERTH, WESTERN AUSTRALIA

The Alternative Canberra Experience has been designed to give our Year 6 boys the opportunity to participate in a variety of educational programs with a focus on government and democracy, laws and citizens, and citizenship.

The boys will also dive into a range of fun and engaging activities to ignite their curiosity and imagination including STEM fun at Scitech, an action-packed sports day and an eye-opening street art experience through Perth's streets and laneways.

Please direct questions or queries about the program to your son's classroom teacher.
