

# Christ Church Grammar School

PERTH, WESTERN AUSTRALIA

## **Little Queenslea Drive (LQD)**

You son will soon be taking part in a two-day and one-night learning experience on campus known as Little Queenslea Drive (LQD). Little Queenslea Drive will be the first overnight learning experience for Preparatory School students and there will be a strong emphasis on the boys having a positive experience away from home. This will be achieved through a 'gentle' introduction to the program with a focus on socialisation between the boys and staff on an informal basis.

## **Each Year 4 class will participate in LQD**

Boys will be accompanied by Christ Church Grammar School staff over the course of the two days. In the event of an emergency we will contact you directly. Please ensure your contact and son's medical details are current in [Consent2Go](#).

## **Sleeping arrangements and showers**

Students and adults will be sleeping in the boarding residence used for the Year 9, On Queenslea Drive program. The facilities are separate from the current boarders and boys will have their own dedicated space. Shower facilities are available for students.
