Young entrepreneurs share their vision at Christ Church and MLC's Endeavour Market Day.

Christ Church Grammar School and Methodist Ladies College's Endeavour project has culminated in a successful Market Day.

The project provided an opportunity for meaningful collaboration between Year 6 boys and girls to research, design and manufacture a product of their choice. The products were sold at Market Day with Christ Church boys raising an amazing \$7,020 with proceeds from some of the products on offer going towards the annual Students' Scholarship. An initiative where the students of Christ Church raise the tuition money for a boy to attend the School.

Christ Church teacher Jack Utting says the project delivered amazing benefits for students at both schools "This project allows students to apply their traditional curriculum disciplines in Economics and Mathematics towards 21st century business and entrepreneurial thinking. The engagement from students was fantastic and to see them interact on Market Day was really special."

A gallery of the day is available [here](#).
