THE DASTARDLY BOOK OF DOGS

by Rex and Sparky

Reviewed by Ben Williams. Year 4+

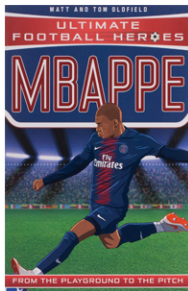

The Dastardly Book for Dogs is an excellent parody of the *Dangerous Book for Boys*. This book is an essential for any dog lover. Written from a dog's point of view, *The Dastardly Book for Dogs* has a chasing guide, how do build your own kennel, and even a shoe chewing guide. I would rate this book 10/10.

EVENTOWN

by Corey Ann Haydu

Reviewed by Ethan Koekemoer. Year 5+

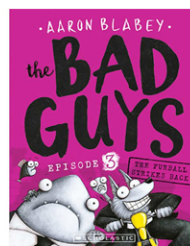

This is a great dystopian book which is emotionally complex and beautifully told. When Elodee's mum gets a new job it seems it might fix everything. Life in Eventown is comforting but there is only three ice cream flavours and when she goes blueberry picking every blueberry is ripe. Everything may be even in Eventown but is there a price to pay for perfection?

THE BAD GUYS: Episode 3

by Aaron Blabey

Reviewed by Tyson Pham. Year 2+

This is my new favourite book. It is about bad guy the evil guinea pig, who makes cute creatures into zombies. Mr Wolf uses yarn to throw onto zittens to make them back into normal kittens. My favourite part is the zittens going crazy.

THE PRINCESS, THE SCOUNDREL, AND THE FARM BOY

by Alexandra Bracken

Reviewed by Chase Vasudavan. Year 4+

Although the Rebel Alliance has won a few battles against the Empire, hope is fading. The Empire is about to unveil the greatest weapon the galaxy has ever seen—the Death Star. The Rebels' only chance to defeat it now lies in the unlikely hands of a princess, a scoundrel, and a farm boy... I really enjoyed this book, and it would suit Year 4-6, or for anyone who loves reading and Star Wars!
