

Christ Church Grammar School

PERTH, WESTERN AUSTRALIA

Dear Parents

I am gathering photographs of the boys for the 2023 Year Book for our Year 12 students, which is funded by the Parents' Association and presented to all Year 12 students at the Valedictory Dinner. The submission of the photographs also contributes significantly to the boys (and parents) having a fabulous Valedictory Dinner.

I would appreciate your assistance in this process of collecting three quality digital photographs of your son from three different periods of their life.

The details of the periods and the method of submission are detailed below. Your son was made aware of this important request and the mode of submission prior to the mid-term break.

It is important to have these photographs submitted for development of the book in Term 2.

The details below have been provided to each Year 12 on their NEXUS page.

Selecting photos

All Year 12 boys have been asked to provide three high quality jpg images (minimum of 1mb in size). If photos are scanned, as opposed to using a digital image, approx. 1000dpi scale should be used.

1. As a young student/child (0-5 years old)
2. As a primary age student (5-10 years old)
3. As a Year 10 to 12 student (15 years+)

Saving photos

Year 12 boys must log onto their School NEXUS account to see their personal folder which is contained within a House Photo Page. They must save their 3 images to the folder before **Monday 20 March**. Each photo must be saved with the boy's name and age range eg. John Smith: 0-5 years.

Cropping photos

The photos should be of your son predominantly; small groups can be used if your son is significant in the photo. Please don't crop photos as image quality is dramatically impacted. Some cropping can/will take place in the production phase.

Thank you for your assistance.

Kind regards

Jamie Foster
