

Running laps around children's cancer

Christ Church Grammar School Preparatory School boys have raised over \$18,000 for Camp Quality, participating in a "lapathon" last week.

The annual fundraiser has been a fixture on the school calendar since 2013 with all boys from pre-kindergarten to Year 6 given 20 minutes to run as many laps as they can to raise money for a worthy cause.

The boys find sponsors such as family, friends, and neighbours, or raise money themselves to donate.

Camp Quality is an Australian children's cancer charity.

Preparatory school head Steven Males said he was proud

of the enormous effort the boys had put into raising funds.

"Camp Quality is close to the heart of the Christ Church community, with current students in the preparatory school accessing their services," he said.

"With more than \$18,000 raised and counting, this event has proven that small steps can make a big difference."

CCGS principal Alan Jones said the preparatory school demonstrated the power of community in their fundraising efforts.

Anyone interested in donating can contact the school reception on 9442 1666.

Christ Church Grammar School boys went all out for charity in their annual "lapathon" last week.

Lightscape, a 2km illuminated walk through Kings Park, opens on June 16.

Seeds, pods and growth inspire winter lights

Kings Park will once again be filled with light and sound this month.

In 2017 and again in 2019, Perth Festival staged Boorna Waanginy celebrating the six Noongar seasons through carefully crafted lighting of the trees.

Kings Park has drawn on the talents of English company Culture Creative for a new and ticketed event of light, colour and sound, called Lightscape, opening on Friday, June 16.

In a captivating 2km-long

walk, Lightscape will feature tree canopies illuminated in colour, a Winter Cathedral created by 100,000 tiny, twinkling illuminations, a Neon Night Garden with huge floral light sculptures, the treetop walk turned into a glowing tunnel, and birds, seeds and plants in giant projections.

Zoe Bottrell, managing director and project manager of Culture Creative, has been working on designing and installing Lightscape events in the UK, US and Europe for 17 years.

She has visited Australia several times in the past six months to program events in Sydney and Melbourne's Royal Botanic Gardens and Perth's Kings Park.

"Each event varies according to the conversation we want to have in that space and no two installations are the same. In Kings Park it will be inspired by seeds, pods and growth," Zoe said.

Lightscape in Kings Park will continue until July 30. Book through Ticketek for specific time slots.

WE ARE HAVING A
Winter SALE*

Commencing 10am Saturday 10th June we are taking **25% off** all homewares storewide - including talavera ceramics, tiles, pots, planters, kitchenware, mirrors, crafts, textiles, quilts, giftware, glassware & more. Sale will continue for **9 days** until **4pm Sunday 18th June.**
