

Christ Church Grammar School

Year 12 Subject selection 2026

Students going into Year 12 must choose six subjects comprising:

- one English subject (English or Literature or EALD) from List A
- at least one subject from List B
- three or four more subjects from List A and/or List B

Some subjects may be run at MLC and some may have MLC students enrolled. Parents and students will be advised later in the year if a selected subject is to run at MLC.

ATAR Pathway (4 or more ATAR Subjects)

- Students must select six timetabled subjects. A Private Study may be one of these six subjects.
- Students wishing to receive an ATAR must complete at least four ATAR courses (this includes sitting and making a genuine attempt in the final ATAR examination).
- Mathematics Applications and Mathematics Methods may both be selected and can both be used in the calculation of an ATAR score.
- Mathematics Applications, Mathematics Methods and Mathematics Specialist may not be selected together.
- Students wishing to pick up an ATAR subject that was not studied in Year 11 must be in contact with the Studies Office **as soon as possible**. Priority is given in the timetabling to students continuing with courses from Year 11 – so not all requests may be possible. Students will also need to independently catch up on Year 11 content.
- At CCGS, the following subjects are **not** permitted to be selected in Year 12, if they have not been completed at an ATAR level in Year 11;

Chinese Second Language ATAR
Japanese Second Language ATAR
Media Production and Analysis ATAR
Materials Design and Technology ATAR

French Second Language ATAR
Design ATAR
Visual Arts ATAR

Non-ATAR Pathway (3 or fewer ATAR subjects)

- Students must select six timetabled subjects, including one English subject and one Mathematics subject.
- Students who completed Careers and Employability General in Year 11 must select a General subject to replace it in Year 12.
- Students can elect, in consultation with the Careers Counsellor, to study a Certificate course off-campus in Year 12 if they are studying no more than one ATAR subject. An off-campus Certificate course **does not** count as one of the six timetabled subjects a student must be enrolled in at CCGS.

LIST A (arts/languages/social sciences)

Ancient History ATAR
Business Management and Enterprise ATAR
*Business Management and Enterprise General
† Chinese: Background Language ATAR
† Chinese: First Language ATAR
† Chinese: Second Language ATAR
Drama ATAR
Economics ATAR
† English as an Additional Language ATAR
