Dr Paul Swan PhD

Dr Paul Swan PhD is a renowned mathematics educator, author, and speaker dedicated to making maths accessible and engaging for students and teachers.

With decades of experience as a maths specialist, Dr Swan has authored numerous award-winning resources such as Bond Blocks, a prevention and intervention system for numeracy support.

Dr Swan is a prolific creator of quality mathematical materials that target learners from Foundation to upper primary levels. His work includes curriculum guides, fact sheets, planning support, and professional learning sessions to help educators build mathematical thinking.
